How to Get Into Colombia

Visa:

You probably will not need a visa to get into Colombia. Check [here](#) to find which countries you can travel to visa-free with your country's passport. If Colombia is on your list, all you have to do is bring your passport and they will stamp it upon arrival.

Other Entry Requirements:

Besides a passport, often you will need a return ticket to board your flight, the address in Colombia where you will be staying, and most importantly a completed Check-Mig form which you can fill out [here](#). You can fill it out from 72 hours until 1 hour before your flight.

Covid19:

This is currently in quite fluid change. Check Colombia's entry requirements [here](#) and be sure to check your country's re-entry requirements ahead of time too.

How to Get to ReFi Barichara

We are organizing shared rides to get to Barichara depending on demand. Join the Telegram coordination group here: https://t.me/+urEpGv_qxPs1YzA5

We are currently organizing shared rides

leaving from Bucaramanga Airport/City 30th-3rd of October

leaving to DevCon Bogotá at 9am on the 3rd of October

leaving to Bucaramanga Airport/City 7th-9th of October

If you are interested in joining, **contact us**.

There are two main airports you can use for coming to Barichara: Bogotá and Bucaramanga.

Wherever you land you can simply take a taxi to the main bus terminal.

For all buses you can check out bus schedules and buy tickets ahead of time at [RedBus](#), but you will probably get a seat on the next bus without reservations.

1a Flying in through Bogotá

Buses from the [terminal](#) going to San Gil go about every hour. All bus companies — Copetran, Expreso Brasilia and Omega — are trustworthy and get the job done. The bus takes anywhere between 5-10 hours, but is usually 7-8 hours.

How to Get to ReFi Barichara

1b Flying in through Bucaramanga

Buses from the [Terminal](#) to San Gil depart every 30-60 minutes and take about 3-4 hours. If you easily get car sick, make sure you sit in the front of the bus or car as the road is very curvy! Another option is to take a private taxi for about \$100.

2 San Gil

When taking the bus, you will arrive in San Gil at the main bus [Terminal](#) and then will need to make your way over to the Terminalito where the local buses are located. The distance between the main Terminal and the Terminalito is a bit more than one mile / a bit less than two kilometers. You can either walk or take a taxi/tuktuk. From the Terminalito, buses leave every 20 minutes for Barichara and cost 6,000 Colombian Pesos.

3 Barichara

If you take the bus, you will arrive in the main square of Barichara. Barichara is very small, so you can walk anywhere in the town within 5-20 minutes. However, if you have a lot of luggage you might want to take a TukTuk. The TukTuks gather right next to the bus stop in the main square.

Wherever you are, the central number for calling a TukTuk is +57 315 260 5404.

ReFi Barichara

What to Bring

Barichara is very close to the equator. Therefore, the temperatures stay stable all year round **between 15°C/60°F at night and 30°C/90°F during the day**. You will never need cold weather clothing, but a good rain jacket can help with the occasional heavy afternoon and evening rains. The sun will be intense around noon time, so either bring thin long-sleeve shirts and pants or a lot of sunscreen. You will want long pants and good shoes/boots for hikes and field site visits. A hat with sun protection is also a must. Bug repellent will also make your life a whole lot easier.

Please keep in mind that most shops and restaurants here in Barichara **expect cash and do not accept credit cards**, so you will want to have cash with you at all times. You can get money from an ATM at the airport or at the main square in Barichara using your credit or debit card. There is an option to choose an English menu at the ATMs. There is usually no fee at the airport ATMs and a small fee (13-22,000 COP per withdrawal) at Barichara ATMs. If you don't like the conversion rate offered at the end of the process, click no and the conversion will be done by your own bank.
